NOTICE PURSUANT TO THE NATIONAL COOPERATIVE RESEARCH
AND PRODUCTION ACT OF 1993 -- AMERICAN SOCIETY OF MECHANICAL
ENGINEERS

Notice is hereby given that, on March 5, 2013, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. § 4301 et seq. ("the Act"), the American Society of Mechanical Engineers ("ASME") has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing additions or changes to its standards development activities. The notifications were filed for the purpose of extending the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances. Specifically, since August 22, 2012, ASME has published one new standard, initiated six new standards activities, established two new consensus committees, revised the charter of one consensus committee, withdrawn one published standard, and withdrawn one proposed standard from consideration within the general nature and scope of ASME's standards development activities, as specified in its original notification. More detail regarding these changes can be found at www.asme.org.

On September 15, 2004, ASME filed its original notification pursuant to Section 6(a) of the Act. The Department of Justice

published a notice in the Federal Register pursuant to Section 6(b) of the Act on October 13, 2004 (69 FR 60895).

The last notification was filed with the Department on August 27, 2012. A notice was published in the Federal Register pursuant to Section 6(b) of the Act on September 20, 2012 (77 FR 58412).

Patricia A. Brink
Director of Civil Enforcement
